* See Color Chart for available colors

Consult SBS **Technical Manual** for proper product application, design details and other product information.

KYNAR 500 is a registered trademark of ELF Atochem.

Clear Acrylic Coated GALVALUME® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. Clear Acrylic Coated GALVALUME® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, SBS recommends that pre-painted panels be used in lieu of Clear Acrylic Coated GALVALUME®. Shade variation in panels manufactured from Clear Acrylic Coated GALVALUME® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

PANEL PRICING:

- All panel pricing is based on net coverage.
- For short lengths add 3.65 per panel for panels under 4'-0".
- For gauges not listed or special color please inquire.
- Vented panels are available. Please inquire
