

Federal Tax Credit for ENERGY STAR® Cool Roof Colors

As part of the American Recovery and Reinvestment Act of 2009, a federal tax credit is now available to Inland Building Systems customers who install our ENERGY STAR compliant Cool Roof Colors.

For tax purposes, save your invoice, download this Tax Credit Statement and use IRS Tax Form 5695 (version 2009) that you can download from <http://www.irs.gov/pub/irs-pdf/f5695.pdf>.

Additional rebates and credits may be available from state governments and your local utility providers. Visit www.dsireusa.org/ to learn about other incentives available in your state.

Please consult your tax advisor to confirm your eligibility.

Inland Building Systems certifies that the following roof colors comply with ENERGY STAR Cool Roof requirements.
